# Headquarters for HANS® sfi 38.1 Recertification

Competitors racing with an SFI 38.1 HNR device must have it recertified every five years. This means that during 2022, competitors who want to use a HANS Device purchased in 2017 or earlier must have their Hans device recertified. Devices passing the inspection will receive a new SFI 38.1 label marked with the recertification date. KRJ Race Products will Clean and recertify the HANS Device for a \$35 fee plus any parts such as tethers that are usually required if they are 5 years old or older.

### Basic Pricing: (Check One)

Option 1: Inspection, Clean, Replace SFI Tag    \$35.00 plus shipping

Option 2: Inspection, Clean, and Replace SFI Tag    \$55.00-\$120.00\* plus shipping  
Replace Tether System .

Option 3: Inspection, Clean, and Replace SFI Tag    \$130.00-\$195.00\* plus shipping  
Replace Tether System, Replace Belt Grip Rubber,  
New Foam Shoulder Pads and Helmet Padding.    \* price depends on tether style.

**Just Print and complete this form. Then Mail or Ship your device into KRJ. Local customers can call to arrange a drop off time as well. All customers will be contacted prior to starting work on your device to discuss what if anything additional is needed and or you would provide a quote and to arrange Payment Details. Visa, Mastercard, Discover, American Express or Pay Pal to the e-mail below.**
